

HP-5560

Sway Bar Bushing Kit Chevrolet Impala, Buick LaCrosse

1 Kit (2 Bushings)
 Per Vehicle

Front Suspension

★ NOT available from O.E.M.! ★

Sway Bar Bushing Kit
 Includes bushings to repair one stabilizer bar

-OE Bushings are mounted with epoxy and pressed into the brackets, making them “non-serviceable”. This FORCES the customer to replace the whole assembly which costs \$120.00 and up.

-The RAMCOA bushings give the customer the choice to be able to replace the bushings instead of the whole stabilizer bar! They are designed to fit the OE bracket.

O.E. # (Sway Bar Assembly)	Moog	Napa	Raybestos	McQuay
22810906 (Standard), 20932140 (Performance)	K750660
