

TB-102

Improved Design!

Track Bar Bushing Kit Jeeps

**Front
Suspension**

**(1 Kit)
Per Vehicle**

2 piece design bushings allow for easy installation.

The Problem Eliminator!

Improved 2 piece design eyelet bushings install easily without any special tools. The OE bushings are not available separately, you have to purchase a complete new track bar which can be very expensive. The main parts which wear out are the eyelet bushings. RAMCOA's improved design eye bushings will take the punishment from on or off-road use.

TB-102 repairs the following Jeep Track Bars:

Front Susp. # 52003918 (MOOG Complete Bar # DS-1147)
 Front Susp. # 52007118 (MOOG Complete Bar # DS-1235)

Napa #	McQuay #	Moog #	TRW #
274-9213	FA-7333	K-3176	HB-1814
